Your Choice for Care
By: David Salafsky, MPH, Director, Health Promotion & Preventive Services, UA Campus Health Service

The UA Campus Health Service (CHS) is committed to promoting health, wellness and safety at The University of Arizona. Here are eight reasons to make us your student’s provider of quality health care:

1. **Accessible** – UA Campus Health takes same day and walk-in appointments. Students can also reach our medical care providers after-hours at (520) 570-7898.

2. **Offering a Wide Array of Services** – Medical, counseling, and health promotion units are all here, but so are nutrition services, a travel and immunization clinic, and a full-service pharmacy. We also offer a women’s health clinic, massage therapy, physical therapy, sports medicine, and more.

3. **Uniquely Trained** – UA Campus Health professionals specialize in serving college students. Numerous state and national awards attest to our work and training.

4. **Taking an Integrated Approach** – Our aim at Campus Health is to care for the complete individual: body, mind, and spirit. We accomplish this by working together across health disciplines (medical, counseling, and health promotion).

5. **Student Recommended** – Patient satisfaction surveys reveal that 99% of students who use our services would recommend us to a friend. Among the 49% of students who use Campus Health, 42% indicated that we helped them remain a student at the UA.

6. **Partnering with Parents** – As a key part of your student’s success, we welcome the opportunity to speak to you through our award-winning Parents Matter consultation service provided by Counseling and Psych Services. Call (520) 621-3334 for more information.

7. **Leaders in Our Field** – As the first college health service in the nation to be fully accredited over 30 years ago and every three years since, the UA Campus Health Service has been a leader in our field.

8. **Serving UA Students Since 1918** – For nearly 100 years, Campus Health has provided care to students at the University of Arizona.
