Through the Years

It all started in the Fall of 1918 with the outbreak of a worldwide flu epidemic.

The whole campus was quarantined. A wing of Old Main and one floor of the Agriculture building were turned into hospital wards to care for patients.

1918: Influenza Epidemic sparks the establishment of an infirmary at Old Main. Soon after, a building was purchased for \$8,000 to establish a dedicated infirmary

1936: University opens doors of newer Infirmary with 24 beds for inpatient care – includes x-ray and operating room

1940-45: Examinations provided for War Department

1940s-1950s: Brothers Udall (Burr, Stuart, and Morris) live in the Student Infirmary basement working as janitors, night watchmen, and orderlies. Mo served 30 years as US Congressman; Stuart served as Secretary of the Interior; Burr became an attorney in Tucson

1956: First part-time psychiatrist hired to assist students

1964: Measles epidemic hits campus

1966: Mental Health Clinic begins operation

1967: Addition to building includes new emergency room, pharmacy and accommodations for 50 beds

1968: Expanding services merits Infirmary name-change to Student Health Center (SHC)

1973: SHC offers special clinics for gynecology, allergy, dermatology, and orthopedics

1978: First full-time health educator hired to emphasize preventive medicine with students

1978: Arizona is the first Student Health Service in country recognized and accredited by Ambulatory Health Care of the Joint Commission on Accreditation of Hospitals

1981: Student Health Service (SHS) gets permission to buy own computer server

1982: Arizona Board of Regents authorizes the dispensing of oral contraceptive pills from SHS pharmacy

1983: SHACIS (Student Health Ambulatory Care Information System) computer system designed at UA is introduced and sold to Rutgers and Syracuse Universities

1985: UA Student Health video “Just Like Me” dramatization wins award from Academy of Television Arts and Sciences

1986: First AIDS Awareness Week held on campus

1986: SHS assumes responsibility for Workers' Compensation activity

1987: Sports Medicine Clinic begins

1989: First golf cart purchased and utilized for health education outreach activities

1989: SHS opens a Wellness Center in the new Campus Rec Center

1989: Student Health Advisory Committee (SHAC) and ASUA work to install condom vending machines in the Student Union, Campus Rec Center, and SHS

1992: FIPSE grant awarded for alcohol and other drug prevention activities, beginning a long strong history of federal grants

1992: Campus Care Insurance Supplement begins

1992: SHS begins collecting student data using the Core Alcohol and Drug Survey

1993: Counseling and Psychological Services (CAPS) replaces the name Mental Health Clinic

1995: SexTalk advice column for sexual health and relationships debuts in *Arizona Daily Wildcat*

1996: Name changed to Campus Health Service (CHS) to reflect care for the campus community

1998: CHS develops and launches our annual Health & Wellness Survey

2001: Oasis Center For Sexual Assault and Relationship Violence opens, funded by Department of Justice Grant

2002: Having served 14+ years as a surgery specialist for CHS, surgeon Richard Carmona, MD, is appointed 17th Surgeon General of the US

2004: CHS begins Electronic Health Records

2004: CHS moves into the Highland Commons Building, consolidating services from 3 buildings as well as the Disability Resource Center (DRC)

2007: CHS initiates and launches UA Farmers' Market

2010: As state funding continues to decrease, CHS moves from state/tuition partial funding to Health & Recreation Fee

2012: UA Student EMS begins responding to 911 calls on campus

2016: Implementation of patient preferred name

2000-2018: Awarded over \$8 M in grant funding for health, prevention, and education
